## I. INTRODUCTION: COMMUNITY PRESERVATION PLAN FOR BEVERLY & RESOURCES

---

The City of Beverly Community Preservation Committee (CPC) is pleased to present the FY2019 (July 2018 through June 2019) City of Beverly Community Preservation Plan (“the Plan”). The Plan presents a description of the CPA as it applies to the City, a definition of CPA goals, and procedures by which the CPA is administered. As such, it represents an informational document for citizens, a guideline for applicants seeking project funding through CPA, and a blueprint for this and future CPA Committees in making recommendations to the City Council for project funding.

This Plan was created after broad outreach and work by the CPC members and other City staff. It incorporates guiding principles from City planning documents such as the Master Plan, Open Space & Recreation Plan, and Housing Plan, as well as input and recommendations from the Historic District Commission, Conservation Commission and community housing stakeholders. In addition, the CPC makes an ongoing effort to engage with and gather input from other interest groups, including City officials, non-governmental organizations and general public.

This plan captures Beverly’s current community preservation needs and goals in the CPA target categories. The Plan provides a central source for those interested in the process by which the CPC receives, reviews and vets project applications and makes project funding recommendations to the City Council.

The Committee recognizes and encourages that the Plan be modified by future CPA Committees in response to changing goals and experience with CPA over time.

191 Cabot Street, City Hall  
Beverly, MA 01915  
978-921-6000 ext. 2343
- Community Preservation Coalition Website: <http://communitypreservation.org/>
  - The Community Preservation Coalition is an alliance of open space, affordable housing, and historic preservation organizations working with municipalities to help them understand, adopt, and implement the Massachusetts Community Preservation Act (CPA). The Coalition was formed in the 1990s with the goal of achieving passage of the Community Preservation Act. With leadership and help from our diverse Steering Committee, the Coalition works to preserve Massachusetts communities’ unique character by advocating for and supporting the Community Preservation Act, advancing smart growth and sustainable development for communities across the Commonwealth

---

## II. THE COMMUNITY PRESERVATION ACT IN BEVERLY

---

The Community Preservation Act, M.G.L. c. 44B (“the CPA”) was enacted by the state legislature in 2000. It allows Massachusetts cities and towns to raise monies through a surcharge, of up to 3% of the real estate tax levy, on real property. To augment the local CPA revenues, the State annually distributes percentages from the State CPA trust fund to cities and towns. These funds may then be used only to:

- acquire, create, and preserve open space;
- acquire, rehabilitate and preserve historic resources;
- acquire, create, preserve and support community housing; and
- acquire, create, rehabilitate and preserve land for recreational use

The Community Preservation Act (CPA) was adopted by Beverly voters in November 2012. The first \$100,000 of taxable residential value is exempt. On the remaining value, a surcharge of 1% is levied.

For an example of how the 1% surcharge is calculated, see the table below. Using a residential property as an example, with an assessed valuation of \$341,850 based on the City of Beverly’s FY17 tax rate:

<i>FY 2018 Assessment</i>	\$341,850.00
<i>FY 2018 Tax Rate</i>	\$13.60
<b><i>FY 2018 TAX</i></b>	<b>\$4,649.16</b>
<i>CPA Residential Exemption</i>	- \$100,000.00
<i>CPA Taxable Value</i>	\$241,850.00
<i>CPA Tax Basis</i>	\$3,289.16
<b><i>CPA Surcharge on Tax Basis =1% *</i></b>	<b>\$32.89</b>
<b><i>TOTAL ANNUAL BILL</i></b>	<b>\$4,682.05</b>

Any property entitled to an abatement or statutory exemption is automatically entitled to a proportional CPA exemption. Certain households may be eligible for a full CPA exemption. Applications for abatement must be made every year.

### II. a. Community Preservation Committee: Formation & Responsibilities

Implementation of the CPA is undertaken by the Beverly Community Preservation Committee (CPC), as established by Ordinance passed by the City Council in July of 2013. The CPC is composed of nine members, six of which are designated representatives from the following City boards and commissions: Conservation Commission, Housing Authority, Planning Board, Open Space & Recreation Committee, Historic District Commission and Parks

& Recreation Commission, and three of which are community at-large appointments made by the City Council. The CPC's duties include:

- Study the needs, possibilities and resources of the City regarding community preservation and develop a CPA Plan for the City to help guide administration of the CPA;
- Develop guidelines and application procedures to provide criteria by which CPA projects are evaluated for eligibility and funding;
- Hold at least one public hearing per year to review the criteria and study the needs, possibilities and resources of the City regarding community preservation;
- Review project applications to determine eligibility for funding;
- Make recommendations to the City Council as to which projects to fund;
- Prepare an annual CPA budget for City Council approval

Generally, the Beverly CPC meets once a month on the third Thursday, unless otherwise posted.

#### **II.b. CPA Funding: Statutory Requirements**

The CPA statute mandates that each fiscal year Beverly must spend, or set aside for later spending, at least 10% of the annual Community Preservation Fund revenues, collected from both the local and State sources, for each of the three CPA target categories: open space, historic preservation, and community housing. Beyond those requirements, the remaining 70% of the funds can be spent on any of those three categories in addition to recreation projects. Up to 5% of the revenues can be spent on administrative purposes.

The CPC reviews and vets all of the project applications during public meetings to which all citizens and interested parties are welcome to attend. After conducting its due diligence, the CPC makes its CPA project funding recommendations to the City Council, which can vote to approve, reduce or reject any amount of spending appropriation recommended by the CPC. At the CPC's recommendation, the Council may also vote to set aside all or part of the annual CPA revenues for later spending by allocating revenues to specific CPA category reserve(s). The Council may not increase any funding recommendation, and may not appropriate any CPA fund monies on its own initiative, without prior favorable recommendation by the CPC. All appropriation decisions made by the Council are subject to proper public notice and public hearing process.

#### **II.c. CPA Funding: Allowable and Prohibited Spending Purposes**

Community Preservation Act funds must be used for public community preservation purposes, which are outlined and defined in the Department of Revenue Allowable Spending Purposes Chart below.

**Chart 1**  
**COMMUNITY PRESERVATION FUND ALLOWABLE SPENDING PURPOSES (G.L. c. 44B, § 5)**

	OPEN SPACE	HISTORIC RESOURCES	RECREATIONAL LAND	COMMUNITY HOUSING
<b>DEFINITIONS</b> (G.L. c. 44B, § 2)	Land to protect existing and future well fields, aquifers and recharge areas, watershed land, agricultural land, grasslands, fields, forest land, fresh and salt water marshes and other wetlands, ocean, river, stream, lake and pond frontage, beaches, dunes and other coastal lands, lands to protect scenic vistas, land for wildlife or nature preserve and land for recreational use	Building, structure, vessel, real property, document or artifact listed on the state register of historic places or determined by the local historic preservation commission to be significant in the history, archeology, architecture or culture of the city or town	Land for active or passive recreational use including, but not limited to, the use of land for community gardens, trails, and noncommercial youth and adult sports, and the use of land as a park, playground or athletic field Does <u>not</u> include horse or dog racing or the use of land for a stadium, gymnasium or similar structure.	Housing for low and moderate income individuals and families, including low or moderate income seniors  Moderate income is less than 100%, and low income is less than 80%, of US HUD Area Wide Median Income
<b>ACQUISITION</b> Obtain property interest by gift, purchase, devise, grant, rental, purchase, lease or otherwise. Only includes eminent domain taking as provided by G.L. c. 44B	Yes	Yes	Yes	Yes
<b>CREATION</b> To bring into being or cause to exist. <i>Seideman v. City of Newton</i> , 452 Mass. 472 (2008)	Yes	X	Yes	Yes
<b>PRESERVATION</b> Protect personal or real property from injury, harm or destruction	Yes	Yes	Yes	Yes
<b>SUPPORT</b> Provide grants, loans, rental assistance, security deposits, interest-rate write downs or other forms of assistance directly to individuals and families who are eligible for community housing, or to entity that owns, operates or manages such housing, for the purpose of making housing affordable	X	X	X	Yes, includes funding for community's affordable housing trust
<b>REHABILITATION AND RESTORATION</b> Make capital improvements, or extraordinary repairs to make assets functional for intended use, including improvements to comply with federal, state or local building or access codes or federal standards for rehabilitation of historic properties	Yes if acquired or created with CP funds	Yes	Yes	Yes if acquired or created with CP funds

“It’s All About the Verbs!” in CPA. The table above provides a matrix of definitions for determining whether a project is eligible for CPA funding. As detailed in the CPA statute, CPA funds may be spent to undertake the following primary community preservation purposes:

- The acquisition, creation and preservation of open space. Open space, as defined by the Act, “shall include, but not be limited to, land to protect existing and future well fields, aquifers and recharge areas, watershed land, agricultural land, grasslands, fields, forest land, fresh and salt water marshes and other wetlands, ocean, river, stream, lake and pond frontage, beaches, dunes and other coastal lands, lands to protect scenic vistas, land for wildlife or nature preserve and land for recreational use”.
- The acquisition, creation, preservation and support of community housing. Community housing, as defined by the Act, is “low and moderate income housing for individuals and families, including low or moderate income senior housing.” The term “support of community housing” shall include, but not be limited to, programs that provide grants, loans, rental assistance, security deposits, interest-rate write downs or other forms of assistance directly to individuals and families who are eligible for community housing or to an entity that owns, operates or manages such housing, for the purpose of making housing affordable.
- The acquisition, preservation, rehabilitation and restoration of historic resources. Historic resources, as defined in the Act, include “a building, structure, vessel, real property, document or artifact that is listed on the state register of historic places or has been determined by the local historic preservation commission to be significant in the history, archeology, architecture or culture of a city or town.” For CPA purposes, the local historic preservation commission is the Beverly Historic District Commission.
- The acquisition, creation and preservation of land for recreational use. The Act defines recreational use as “active or passive recreational use including, but not limited to, the use of land for community gardens, trails, and noncommercial youth and adult sports, and the use of land as a park, playground or athletic field. “Recreational use” shall not include horse or dog racing or the use of land for a stadium, gymnasium or similar structure.

Community Preservation Act funds may also be used for the following purposes:

- The “rehabilitation or restoration of open space, land for recreational use and community housing that is acquired or created by using CPA monies;”
- Revenues set aside for later spending;
- Up to 5% on administrative and operating expenses of the CPC annually;
- Annual principal and interest payments, preparation, issuance, and marketing costs for bonds or notes for borrowings from CPA purposes;
- Damages payable to property owners for real estate interests taken by eminent domain for CPA purposes;
- Local share of State and Federal grants for allowable CPA purposes;
- Property acquisition-related expenses including appraisal costs, expenses for title searches and closing fees.

Community Preservation Act funds may not be spent for the following purposes:

- As a replacement or substitute for operating funds. The CPA is a supplementary funding source intended to increase available resources for community preservation acquisitions and initiatives
  - Payment for routine maintenance, defined as, “the upkeep of any real or personal property”.
  - Gymnasiums, stadiums, or any similar structure.
  - Projects without a public purpose or public benefit.
-

### III. OPEN SPACE

---

Open space protection is a priority of Beverly residents, as indicated in comments at public meetings and in surveys seeking public input on Beverly's Master Plan and Open Space and Recreation Plan. Beverly's natural and scenic resources – including parks, coastline, forests, and wetlands – help define the city's character and enhance the quality of life for the city's residents and make Beverly a desirable place to live, work, and visit. Open space also provides habitat for a variety of birds, fish, other wildlife, and plant species, providing opportunities for nature study and enjoyment.

Beverly completed its first formal Open Space and Recreation Plan in 2001 and last updated it in 2016. The plan analyzes resource protection needs; outlines goals, objectives, and actions for open space protection and stewardship; and identifies priority parcels for protection.

This section of the CPA plan draws from Beverly's Open Space and Recreation Plan. It summarizes open space resources, goals, and needs and identifies priorities for CPA funding.

#### **Open Space Resources and Needs**

As of 2014, about 17%, or 1,694 acres, of Beverly's 9,863 acres of land is protected open space. Beverly ranks 230 in the state, out of 351 municipalities, in the overall percent of area protected.<sup>1</sup>

Beverly's landscape character as well as its history, is strongly intertwined with its coastal location. Although the city has more than nine miles of coastline, much of the access to the waterfront is privately controlled with only limited public access. Providing and ensuring access to Beverly's waterfront was a high priority in public comments on the open space plan.

In addition to its coastal location, substantial tracts of undeveloped woodlands also characterize the city. Such woodlands are especially evident in the Beverly Farms and Prides Crossing areas. Wetlands, particularly red maple swamps, are a dominant feature of the landscape.

*Wetland at Pole Swamp Lane*

A unique and important resource is the Wenham Lake Reservoir, the largest body of fresh water in Beverly. Wenham Lake serves as the drinking water supply to more than 80,000 residents of Beverly and Salem, commercial and industrial enterprises in those cities, and to parts of Wenham. Protecting additional land in the watershed of Beverly's drinking water supply remains an important public health priority.

Beverly also has a number of freshwater ponds. The most notable is Norwood Pond in North Beverly. The 88-acre forest surrounding this pond supports the city's largest number of vernal pools, which receive special protection under state law and local ordinance. Protecting land around Norwood Pond and ensuring public access to this important resource is a high priority.

Beverly has several large areas of protected open space, most notably Beverly Commons, the J.C. Phillips Nature Preserve, Moraine Farm, Sally Milligan Park, the woods surrounding Norwood Pond, and Long Hill Reservation. Portions of these areas are owned by the city of Beverly, while others are owned by nongovernmental land protection organizations, including the Essex County Greenbelt Association and the Trustees of Reservations. Some open space parcels are protected by conservation restrictions held by land trusts, including the Beverly Conservation Land Trust, or the city. Land that has recently benefitted from permanent protection is city-owned

*Beverly CPA Plan 2017 – Updated Fall 2018*  
Page 7 of 43

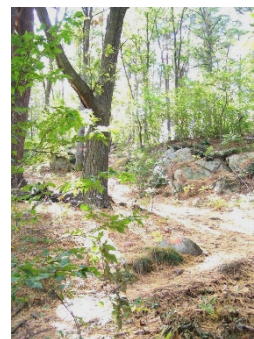

land abutting Norwood Pond that is held in a conservation restriction by Essex County Greenbelt Association. Larger areas of continuous open space provide better habitat in which wildlife can flourish and greater opportunities for a network of trails enjoyed by walkers, runners, and nature observers.

Smaller areas of open space also dot the city. A goal of Beverly's open space plan is to connect both large and small areas of open space to create a continuous trail network through the city and to protected lands in adjoining communities.

### Open Space Goals

The Open Space and Recreation Plan identifies six goals for open space protection and stewardship:

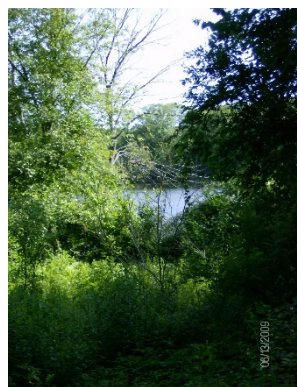

1. Protect and acquire land in Beverly of high natural, scenic, recreational, agricultural, community and urban gardening, and environmental value.
2. Increase and enhance the public's opportunities to enjoy open space and recreation activities in Beverly.
3. Protect and acquire land in more urbanized areas of the city (including downtown, Ryal Side, Goat Hill, and North Beverly).
4. Create a regional trail network.
5. Increase opportunities for public engagement in environmental issues.
6. Coordinate with local public and private entities to increase opportunities for shared active and passive recreation and to also increase visibility and public awareness of the Open Space and Recreation Committee and its actions in the community.

*Sally Milligan Park*

### Project Eligibility

Under the Community Preservation Act, cities and towns may fund projects that acquire, create, or preserve open space. CPA funds may also be used to rehabilitate and restore open space if the open space was acquired or created with Community Preservation funds. In the Community Preservation Act,

*Norwood Pond*

“Open space”, shall include, but not be limited to, land to protect existing and future well fields, aquifers and recharge areas, watershed land, agricultural land, grasslands, fields, forest land, fresh and salt water marshes and other wetlands, ocean, river, stream, lake and pond frontage, beaches, dunes and other coastal lands, lands to protect scenic vistas, land for wildlife or nature preserve and land for recreational use.

### Open Space Priorities

The Open Space and Recreation Plan identifies over 200 parcels that are currently unprotected open space. Land of conservation and recreation interest in Beverly includes lands owned by both public and private entities. Preserving many of these as open space is essential to meeting the goals of the open space plan and the priorities identified by the community, including access to the waterfront, protecting and acquiring land of high conservation value, protecting and acquiring land in more urbanized areas of the city, and linking of protected lands to create a continuous open space network.

These lands can be protected by acquisition of all rights in land or through other means of protection, such as obtaining conservation restrictions or easements. Access to CPA funds can also help the city exercise its right of first refusal for lands currently enrolled in Chapter 61 programs (such as lands in forestry, recreation, and agriculture).

Land transactions are complex, take time to complete, and usually require substantial capital. When opportunities to acquire or protect land arise, they typically present themselves in an urgent way. In order to be prepared to act quickly on land protection opportunities as they arise, it is important to accumulate a substantial reserve by setting aside CPA funds annually in the Open Space category.

The following priorities from the Open Space and Recreation Plan are highlighted for potential CPA funding:

- Acquire land adjacent to protected land to create larger areas of protected open space. Examples include:
  - Continue to advocate for consolidation of open space areas around Moraine Farm where there are currently eight or so buildable lots.
  - Acquire parcels adjacent to the Philips Reserve.
  - Acquire several parcels that remain in private hands within and adjacent to Sally Milligan Park to maintain the park's integrity.
  - Explore alternatives with owner of 36 Foster Street (formerly Camp Mitchman) for continued protection as open space or recreation land.
  - Acquire parcel on Colgate Road located between Colgate Park and the golf course.
- Work with city officials, Salem-Beverly Water Supply Board, and private landowners to protect open space land from development in the watersheds of Beverly's drinking water supply (Wenham Lake and associated reservoirs).
- Acquire or otherwise protect parcels that provide public access to waterfront areas. Examples include:
  - Ensure that there is an open public walkway and city pier park in any waterfront development.
  - Complete the walkway from Green's Hill around the river by acquiring small parcels.
  - Maintain contact with owner of 12 and 16 Congress Street on development plans and make sure proposed walkway goes in. And if the opportunity arises, consider acquiring for a waterfront park.
  - Acquire a parcel adjacent to city-owned and protected land at Tanzella Hill.
- Acquire parcels that help link protected lands to create a continuous network of trails and protected open space throughout Beverly. Examples include:
  - Acquire parcel which could provide a trail link through Endicott College.
- Acquire land with high conservation or habitat value. Examples include:
  - Acquire back land of private property on Greenwood Street across from the vernal pool site on land of AMG.
  - Work with the owner of the Beverly Tree Farm toward obtaining a Conservation Restriction.
- Develop and implement pocket parks, urban garden plots, and play areas to provide public green space in the more urban areas of Beverly.

*Greens Hill Bass River*

## Resources

Beverly Open Space and Recreation Plan (revised 2016): available at <http://www.beverlyma.gov/boards-commissions/open-space-and-recreation-committee/>

#### IV. HISTORIC RESOURCES

---

The City of Beverly has hundreds of historic resources that could be acquired, preserved or rehabilitated through the Community Preservation Act (CPA).

This chapter provides context for the analysis of the City's needs, possibilities and resources for CPA within the Historic Preservation category. The analysis is based on the 2000 City of Beverly Master Plan, discussions of the Historic District Commission, and input from the public and preservation partners during various public meetings on CPA. The City does not have a current Historic Preservation Plan.

##### **Historic Preservation Resources and Needs**

First settled in 1626, the City of Beverly has a rich colonial, maritime, and industrial history reflected in the buildings, landscapes, structures, and sites that define the character of the city and its individual neighborhoods. The city's inventory of historic property currently shows:

- 1 Local Historic District – Fish Flake Hill (est. 1971)
- 4 National Register Historic Districts – Beverly Center Historic District, Beverly Depot-Odell Park Historic District, Fish Flake Hill Historic District, and Hospital Point
- 16 Individually listed National Register properties
- 989 properties listed on the Massachusetts Historical Commission (MHC) inventory.

*Note: listing in the MHC inventory does not automatically list a property on the State Register. Similarly, lack of listing on the State or National Register does not render a property insignificant or not historic.*

A 2015 Survey and Planning Grant from the Massachusetts Historical Commission (MHC) will add and update another 125 properties to the inventory including schools, religious properties, municipal buildings and landscapes. The City's support for this recent inventory work is indicative of the public value of historic properties and their contribution to the quality of life for Beverly's residents.

*Hale House*

The City of Beverly is fortunate to have municipal and non-profit groups working to preserve its heritage. Since 1891, The Beverly Historical Society has worked "to collect, preserve, and interpret, and disseminate Beverly's regional history" while also maintaining three historic properties including an archive and museum. Beverly established a Historic District Commission in 1971, and historic preservation is a major goal of the City of Beverly Master Plan (2000). One such example, the nonprofit Beverly Main Streets, is modeled on the National Trust for Historic Preservation's national Main Streets Program. This program is a highly successful community revitalization program. Beverly Main Streets actively seeks "to promote and enhance downtown Beverly's economic vitality, cultural and historic resources and quality of life." The adoption of the Community Preservation Act in 2012 was a strong message from residents that historic preservation is an important tool for preserving quality of life/community character/economic vitality.

Although Beverly has some tools to protect historic properties, they are limited. The Beverly Historic District Commission (BHDC) acts both as a regulator of the Fish Flake Hill Historic District and as the city's Historic Commission. Under MGL Chapter 40C and the local ordinance, the BHDC reviews exterior changes to properties within the Fish Flake Hill Historic District.

Under the City's Demolition Delay ordinance, the HDC reviews any permits for demolition (in part or whole) of any building over 50 years old. The Building Inspector identifies those projects and forwards them to the BHDC, which can conduct either administrative review or schedule a Demolition Delay hearing. If the hearing results in a delay

being imposed, the demolition cannot move forward for 12 months, during which time the HDC and others can work to find an alternative to demolition. If the time elapses without a solution, demolition can proceed. It may be a surprise to many that the properties listed on the National Register of Historic Places are not given a higher level of protection unless state or federal funds or permits are involved. A private property listed on the National Register can still be demolished after a delay expires, providing the property is not in a Chapter 40C local historic district.

The Community Preservation Act could be a valuable tool in preserving historic properties that might otherwise be lost.

### Project Eligibility

Under the Community Preservation Act, cities and towns can fund projects that acquire, preserve, or rehabilitate historic resources.

*Powder House*

*Historic resources - a building, structure, vessel, real property, document or artifact that is listed on the state register of historic places or has been determined by the local historic preservation commission to be significant in the history, archaeology, architecture, or culture of a city or town.*

Properties within local historic districts and those listed on the National Register of Historic Places are also on the State Register of Historic Places. For properties not on the state register, project proponents can request a determination of significance from the Historic District Commission.

Rehabilitation of historic properties must be carried out in accordance with *The Secretary of the Interior's Standards for the Treatment of Historic Properties*. For most projects, the Historic District Commission can determine whether the Standards have been met. For larger, more complicated projects the City has the option of hiring preservation consultants to document compliance. Consulting with the Historic District Commission in advance is recommended. Application for CPA funding requires that historic projects receive a Determination of Historic Significance from the Historic District Commission, the form for which is attached in the Appendix.

### Historic Preservation Priorities

CPA priority should be given to projects that achieve the following goals (listed in no particular order):

- Save historic properties that would otherwise be lost. For example, the acquisition of properties or historic preservation restrictions on properties that are, or have been, under a demolition delay order from the HDC
- Preserve threatened or vacant municipally owned historic buildings, including (but not limited to) Briscoe Middle School, the Powder House and the Dead House (receiving tomb) at Central Cemetery.
- Rehabilitate and preserve historic commercial centers – the downtown district and Beverly Farms center – including historically appropriate improvements to facades, streetscapes and landscapes.
- Preserve publicly accessible historic properties

*Ancient Burial Ground*

- Preserve historic landscapes such as parks, cemeteries, streetscapes, gardens, estates and grounds of historic municipal buildings.
- Preserve historic landscapes, vistas, and public ways through conservation restrictions and historic preservation restrictions.
- Preserve archaeological resources to learn more about the city's history and pre-history. Examples include the Bass River Tidal Mill and the J.C. Phillips Nature Reserve (former Phillips Estate).
- Preserve archival materials and artifacts that contribute to public understanding of the city's history and/or preserve public records.
- Preserve and adaptively reuse historic properties that contribute to the city's cultural economy, specifically the Beverly Arts District
- Support the work of nonprofit historic preservation organizations and groups that have historic preservation as their core mission.

*Beverly Golf & Tennis Clubhouse*

## V. COMMUNITY HOUSING

---

### Housing Resources & Needs

The Beverly Community Housing Plan (2017) documents current and growing priority housing needs based on socio-economic analysis, assesses current housing regulations and partnerships, and identifies new or modified strategies to address how the City can strategically invest its local resources in its future housing agenda. These strategies are intended to assist Beverly residents along a wide range of incomes with their housing needs, better stabilizing them financially while also improving Beverly's downtown and neighborhoods. The city established an Affordable Housing Trust in January of 2017. The Trust will assist the City in managing the implementation of this new Housing Plan in coordination with other City departments, boards and committees as well as other important housing stakeholders such as the Beverly Housing Authority, non-profit housing developers and services providers, and for-profit development companies.

A major component of the Community Housing Plan is a Housing Needs Assessment, which presents an overview of demographic, economic and housing characteristics and trends for the City of Beverly. The following key points inform the plan:

- **Demographic Trends:** Relatively stable population of about 40,000 residents with significant projected demographic shifts to fewer children, more older adults and increasing numbers of smaller, non-family households.
- **Economic Trends:** Rising income levels but also increasing income disparities, including some growth in poverty. The 2014 median household income was \$73,980 in Beverly compared to \$68,776 and \$67,846 for the county and state, respectively
- **Housing Trends:** Housing growth slowed through 2014 with some remaining affordability in the private housing market, threatened by rising prices and a more recent upsurge in development.
- **Affordability Trends:** Many homeowners are also struggling financially. For example, 1,200 homeowners were spending more than half their income on housing, including 400 seniors, 475 families and 325 non-elderly single individuals.

This data demonstrates that many residents in Beverly are struggling to pay for their housing while prices continue to rise. The numbers of those paying more than half of their income on housing is particularly concerning for those earning at or below 30% Area Median Income (AMI), involving 61% of all those with severe cost burdens. A more detailed summary is included in Table 5-20 of the Housing Plan.

Given the substantial numbers of residents who are paying too much for their housing and gaps between the incomes and market values of existing housing, there is a pressing need to produce more subsidized housing units in Beverly. One of the major obstacles to meeting these underserved needs is the gap between the level of need and the resources available, which is further exacerbated by increasing housing prices in tandem with limited local, state and federal subsidies. The need for more subsidized housing is also indicated in the long waits for public housing units, as long as 5 years for seniors in state-supported housing, 2 years in federally-funded units; as well as at least 2 years for families.

### Housing Goals and Priorities

A major goal of Beverly's Community Housing Plan is to serve the wide range of local needs, from those who are experiencing homelessness or at risk to becoming homeless to those who earn too much to typically qualify for housing assistance but are still priced out of the private housing market. Within the context of local needs, existing resources, and housing goals and priorities, the plan outlines following housing strategies:

### Summary of Housing Strategies

<i>Strategies</i>	<i>Priority for Implementation</i>
Operationalize and Capitalize the Affordable Housing Trust Fund	1-2 Year Implementation
Conduct ongoing community education and outreach	1-2 Year Implementation
Adopt rezoning of Bass River area	1-2 Year Implementation
Consider modifying accessory apartment ordinance	1-2 Year Implementation
Reintroduce the Housing Rehabilitation Program	1-2 Year Implementation
Explore modifications to the Inclusionary Zoning Ordinance	1-2 Year Implementation
Pursue further opportunities for multi-family housing, mixed-uses and Transit Oriented Development	1-2 Year Implementation
Monitor and intervene as appropriate on expiring use projects	1-2 Year Implementation
Make suitable public property available for affordable or mixed-income housing	3-5 Year Implementation
Consider funding other housing preservation initiatives	3-5 Year Implementation
Support small-scale infill housing development and conversions	3-5 Year Implementation
Help preserve Beverly Housing Authority inventory	3-5 Year Implementation
Modify zoning to encourage more housing diversity in more areas	Longer Term Implementation
Broker more partnerships with local institutions	Longer Term Implementation

### **Housing Project Eligibility**

The Act prescribes for acquisition, creation, preservation and support of community housing. Community housing, as defined by the Act, is “low and moderate income housing for individuals and families, including low or moderate income senior housing.” The term “support of community housing” shall include, but not be limited to, programs that provide grants, loans, rental assistance, security deposits, interest-rate write downs or other forms of assistance directly to individuals and families who are eligible for community housing or to an entity that owns, operates or manages such housing, for the purpose of making housing affordable. The Act further allows for the annual 10% Housing set aside to be deposited in to an Affordable Housing Trust Fund, which Beverly has recently established.

### **Beverly Housing Authority**

The Beverly Housing Authority (BHA) is committed to providing a full-range of safe, secure, suitable, and appropriate affordable housing opportunities to extremely low, very- low and moderate-income family, elderly, and disabled households.

---

### **Inventory**

The current BHA housing inventory includes 646 subsidized housing units (one third of all subsidized housing units in the City of Beverly), and 420 Section 8 Housing Choice Vouchers. Also, the BHA owns one single-family home on one-half acre parcel of land located at 11 Spring Street, Montserrat Train Station (ZONE RMD District).

### **Funding Resources for Capital Improvements**

The modernization and capital needs funding must be predictable and allow for comprehensive planning by the BHA. The Commonwealth of Massachusetts Department of Housing and Communities Development (DHCD) through its Capital Improvement Program (CIP) is the mechanism used to provide all state-aided modernization

and capital improvements to invest in the BHA's housing portfolio and accomplish its preservation. In addition, the U.S. Federal Government's Department of Housing and Urban Development (HUD) provides modernization funding through its Capital Fund Program (CFP) to accomplish the same for all federal –aided public housing.

### **Other funding resources**

#### **STATE**

- DHCD-Capital Improvement Program (CIP)
- DHCD-Sustainability Initiative
- DHCD- Health and Safety
- Lean multifamily energy retrofits funds through Action Energy

#### **FEDERAL**

- Capital Fund Program (CFP)

#### **CITY OF BEVERLY**

- Community Preservation Committee (CPC)

Beverly Housing Authority <http://www.beverlyhousing.net/>

---

## VI. RECREATION

### **Recreation**

Beverly has a wealth of active and passive recreation resources including beaches, parks, playgrounds, tennis and basketball courts and playing fields. These resources are managed by the Beverly Recreation Department. The Recreation Department develops, promotes, and oversees year-round programs and activities to stimulate good health, lifelong learning and a sense of community among Beverly residents.

Beverly Recreation is dedicated to meeting the diverse needs of all residents, including the preservation and maintenance of open space.

### **Recreation Resources**

Currently, Recreation manages and maintains 33 playing fields, 15 courts (tennis and basketball) and 51 open spaces (hiking trails, beaches, parks and playgrounds).

To be sustainable, public and non-profit sector organizations including parks and recreation agencies must regularly examine and adjust their strategies as situations change and opportunities arise. Today, scarce resources and a constantly shifting environment are forcing many organizations to reconsider their current strategies or to explicitly undertake strategy development for the first time. All indications are that future success will require much more rapid strategic rethinking and repositioning than are now the norm.

### **Recreation Priorities**

**Community...**we are focused on contributing to the fabric of the Beverly community by providing recreational services that create social connection.

**Conserve, Protect & Maintain Resources...**we plan for a smart future by responsibly managing, conserving and preserving collective resources.

**Healthy Lifestyles...**we prioritize the development and delivery of recreational services that contribute to the health and well-being of our community members.

**Quality experiences...**we are intentional in our efforts to provide the very best community experience possible.

**Service...**we provide destinations of choice - safe spaces and places, great services and clean facilities that keep people coming back time and again.

### **Recreation Resources**

The City of Beverly Recreation Department will prioritize community needs as they relate to the creation, design and delivery of recreation services that have the capacity to affect and influence the character and quality of life of the greater common good.

The Community Preservation Act has generously contributed to meeting these community needs. This funding, coupled with community/neighborhood partnerships, State grants and the Lynch Fund, the Recreation department has secured the following funding:

2014-\$25,000 Preservation Plan for the Lynch Park Carriage House

2014-\$450,000 toward the bonded purchase of Camp Paradise (total cost \$950,000.00)

2014-\$85,000 toward the renovation of bathrooms at Lynch Park (total cost \$250,000)

*Beverly CPA Plan 2017 – Updated Fall 2018*

*Page 16 of 43*

2014-\$30,000 toward the installation of play structure at Lynch Park (total cost \$150,000)

2014-\$47,699 toward the construction of a pavilion at Obear Park (total cost \$60,900)

2015-\$20,000 ADA accessible pathways at Lynch Park (total cost \$30,000)

2015-\$15,000 ADA accessible pathway at Dane Street Beach (total cost \$20,000)

2015-\$60,000 New play structure at Dane Street Beach (total cost \$180,000)

2016-\$75,000 (renovation of Longfellow Park (Pete's Park) (total cost \$400,000)

2016-\$25,000 (new play structures at Vittori Park (total cost \$50,000)

2016-\$50,000 (renovate Oak Heights Park (total cost \$100,000)

**Recreation Department Long Term Goals:**

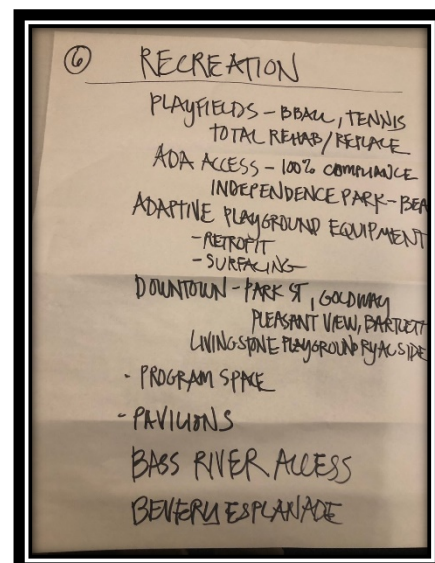

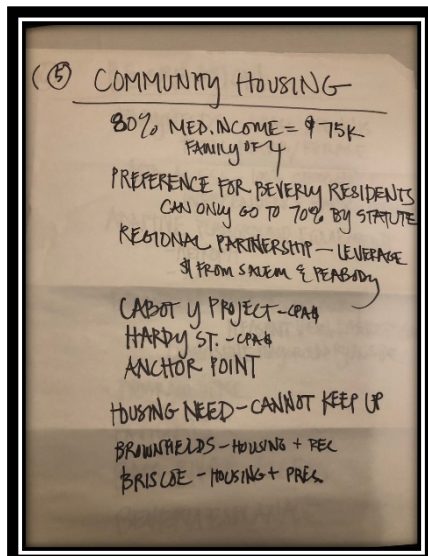

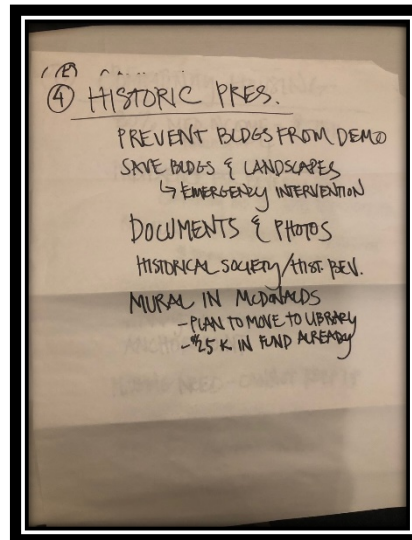

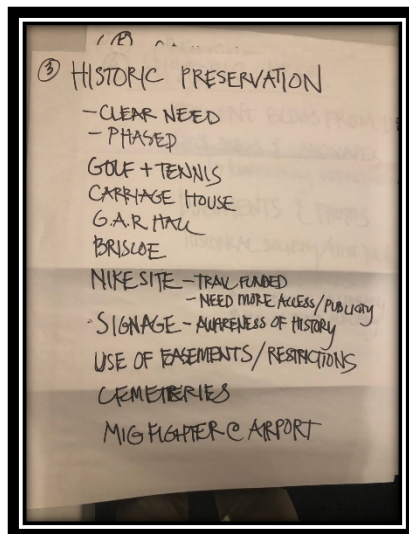

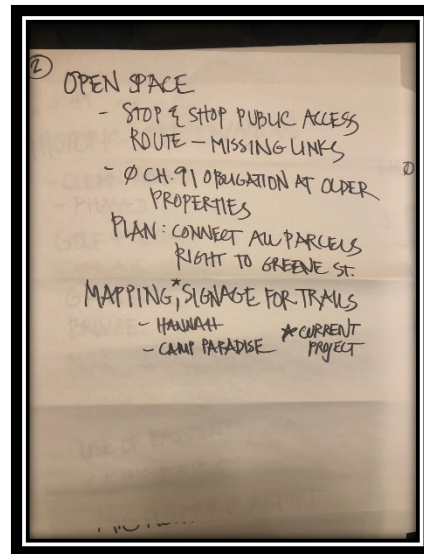

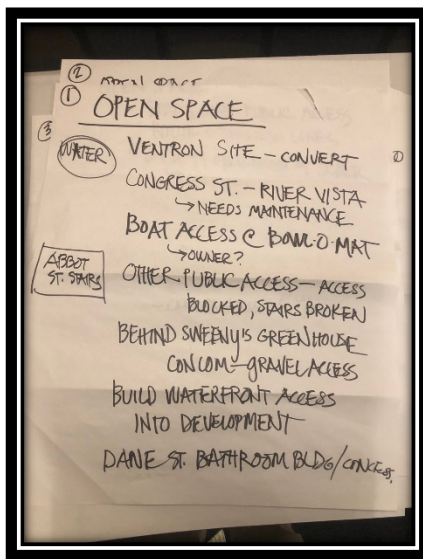

Implement, in phases, the Preservation Plan and Feasibility Study for the Carriage House at Lynch Park

City wide tennis and basketball Court repair and or replacement estimated cost \$500,000 to \$1.0M dollars

more homeless shelters	1
more affordable housing for Seniors	3
less Condos	4
more affordable Day Care	1

## **VIII. APPENDIX**

### **c. Ordinance**

#### **Section 1.01 Community Preservation Committee**

##### **(a) Establishment**

There is hereby established a Community Preservation Committee, in accordance with Chapter 267 of the Acts of 2000, Massachusetts Community Preservation Act, M.G.L. c. 44B, § 1 et seq., as amended, which shall consist of nine members.

##### **(b) Membership, Appointing Authority and Terms**

- (i) The composition of the Committee, the appointment authority and term of office for the Committee members shall be as follows:
  - 1) One member of the Historic District Commission, acting as the Historic Commission, as designated by the Commission for an initial term of three (3) years, and thereafter for a term of three (3) years.
  - 2) One member of the Conservation Commission as designated by the Commission for an initial term of two (2) years, and thereafter for a term of three (3) years.
  - 3) One member of the Planning Board as designated by the Board for an initial term of one (1) year, and thereafter for a term of three (3) years.
  - 4) One member of the Parks & Recreation Commission as designated by the Commission for an initial term of three (3) years, and thereafter for a term of three (3) years.
  - 5) One member of the Housing Authority as designated by the Authority for an initial term of two (2) years, and thereafter for a term of three (3) years.

- 6) One member of the Open Space and Recreation Committee as designated by the Committee for an initial term of (1) year, and thereafter for term of three (3) years.
- 7) Three (3) at-large members being residents of the City not currently holding elected office, as appointed by the City Council:
  - A. One (1) member to be appointed for an initial term of three (3) years, and thereafter for a term of three (3) years.
  - B. One (1) member to be appointed for an initial term of two (2) years, and thereafter for a term of three (3) years.
  - C. One (1) member to be appointed for initial terms of one (1) year, and thereafter for terms of three (3) years.
- (ii) The at-large seats shall be open to any resident, and members may include citizens who have expertise or demonstrated interest in open space, recreation, historic preservation, affordable housing, municipal finance or fiscal accounting practices. Preference will be given to applicants who are not currently members of any of the six (6) boards and commissions listed in sections (b)(i) 1 through (b)(i) 5 inclusive.
- (iii) If possible, Committee membership as a whole should be drawn from all Wards.
- (iv) The commission, board or committee that has appointment authority under this Chapter shall appoint such representative(s) within forty-five (45) days of the effective date of this Ordinance. The City Council shall also appoint its representatives within forty-five (45) days of the effective date of this Ordinance.
- (v) Any vacancy on the Community Preservation Committee shall be filled by the commission, board or committee that designated the member who creates the vacancy by designating another member in accordance with the above for the unexpired term, and within forty-five (45) days of the date of vacancy.
- (vi) The City Council shall also fill any vacancy in its appointments by designating another member in accordance with the above for the unexpired term, and within forty-five (45) days of the date of vacancy.
- (vii) Should the City Council fail to make an appointment authorized by section (b)(iv) or (b)(vi) above, the Mayor shall fill the position within an additional forty-five (45) days.
- (viii) Should any of the commissions, boards or committees that have appointment authority under this Chapter no longer be in existence for whatever reason, the appointment authority for that commission, board or committee shall become the responsibility of the City Council.
- (ix) All Committee members shall serve on the Committee without compensation.
- (x) Vacancies shall be publicly posted.
- (c) Duties
  - (i) The Community Preservation Committee shall study the needs, possibilities, and resources of the City regarding community preservation, including the consideration of regional projects for community

preservation, and shall develop and publish community preservation guidelines within six (6) months of the Committee's first meeting. Development of the guidelines shall include a public hearing.

The Committee shall consult with the public in addition to existing municipal boards, including the City Council, the Conservation Commission, the Historic District Commission, the Planning Board, the Open Space and Recreation Committee, the Parks and Recreation Commission and the Housing Authority, or persons acting in those capacities or performing like duties, in conducting such studies.

The Committee shall annually hold at least one (1) public informational hearing (and may hold more than one such meeting in a given year) on the needs, possibilities and resources of the City regarding community preservation, notice of which shall be posted publicly and published for each of two weeks preceding a hearing in a newspaper of general circulation in the City and posted electronically on the City's website. The Committee may, after proper appropriation, incur expenses as permitted by State law using funds from the Community Preservation Fund to pay such expenses.

- (ii) The Community Preservation Committee shall make recommendations to the City Council for the acquisition, creation and preservation of open space; for the acquisition, preservation, rehabilitation and restoration of historic resources; for the acquisition, creation, preservation, rehabilitation and restoration of land for recreational use; for the acquisition, creation, preservation, and support of community housing; and for the rehabilitation or restoration of open space and community housing that is acquired or created with Community Preservation Funds. With respect to community housing, the Community Preservation Committee shall recommend, wherever possible, the reuse of existing buildings or construction of new buildings on previously developed sites. With respect to recreational use, the acquisition of artificial turf for athletic fields shall be prohibited.
- (iii) The Community Preservation Committee may include in its recommendation(s) to the City Council a recommendation to set aside for later spending funds for specific purposes that are consistent with community preservation but for which sufficient revenues are not then available in the Community Preservation Fund, or to set aside for later spending funds for general purposes that are consistent with community preservation.

The Community Preservation Committee may recommend the issuance of general obligation bonds or notes, in accordance with the provisions of M.G.L. Chapter 44B, section 11, in anticipation of revenues to be raised pursuant to M.G.L. Chapter 44B, section 3, the proceeds of which shall be deposited in the community preservation fund.

In every fiscal year, the committee shall recommend that the City Council either spend, or set aside for later spending, not less than ten percent (10%) of the annual revenues in the community preservation fund for each of the following: Open space (not including land for recreational use); historic resources; and community housing.

(d) Quorum requirements and cost estimates

The Community Preservation Committee shall not meet or conduct business without the presence of a quorum and shall keep a written record of its proceedings. A majority of the members of the Community Preservation Committee shall constitute a quorum.

When making recommendation(s) to the City Council, the Community Preservation Committee shall provide the Council with estimates of cost for each recommendation.

(e) Rules and Regulations

- (i) The Committee shall annually elect one of its members to serve as chairperson and may elect such other officers, adopt procedural rules and regulations and establish any subcommittee(s) as it deems appropriate.
  - (ii) A Committee member may serve as chairperson for two consecutive years, after which she or he shall not be eligible to be nominated for the same position for a third year. However, the Committee may waive this provision by a two-thirds vote.
  - (iii) The Committee shall clearly define and make public its application requirements and evaluation procedures.
  - (iv) By majority vote of the members of the Committee, the Committee may adopt and promulgate rules and regulations for the conduct of its business on any matter within the Committee's jurisdiction under the Massachusetts Constitution, Massachusetts General or Special Laws, the Code of Massachusetts Regulations (CMR), ordinance, or other legal right or authority granted to or conferred upon the Committee.
  - (v) The proposed rule or regulation shall be submitted to all Committee members at least forty-eight (48) hours prior to any vote to adopt the same; provided, however, the Committee may make such amendments to the proposed rules or regulations as it deems appropriate at the said meeting.
  - (vi) Upon approval of any rule or regulation by the Committee, a copy of the same shall be filed with the city clerk and publicly posted and become effective as of the date of filing thereof unless the specific vote of the Committee establishes a later effective date.
  - (vii) To enhance communication, minutes of each meeting shall be sent to the city clerk for distribution to the city council and shall be publicly posted.
- (f) Amendments to the Community Preservation Committee Ordinance

The Community Preservation Committee shall from time to time review the administration of this Ordinance and make recommendations as needed for changes to the Ordinance and in administrative practice to improve the operations of the Community Preservation Committee. This ordinance may be amended from time to time by the City Council provided that the amendments do not conflict with M.G.L. Chapter 44B.

(Ord. No. 51, 6-19-2013)

## VIII. APPENDIX

### d. Application Instructions

Application materials can be obtained on the CPC's web page at <http://www.beverlyma.gov/boards-commissions/community-preservation-committee/>

---

#### APPLICATION INSTRUCTIONS & PROCESS

---

#### APPLICATION & REVIEW SCHEDULE

The Community Preservation Committee (CPC) will follow the general chronology below, ***with specific dates as announced at the beginning of each funding round:***

- Project Pre-Application Determination of Eligibility Form
- **\*For historic preservation projects:** A Determination of Historical Significance made by the Historic District Commission (HDC). The HDC's application deadlines will be posted at the beginning of each funding round
- CPC announces eligible projects and invites full application
- Project Funding Application
- Estimated Date of Project Award

#### APPLICATION & REVIEW PROCESS

See CPA Application Flowchart illustrating the application process on the [CPC's website \(right click to open link\)](#)

The following describes application instructions and the CPC's procedure in reviewing and recommending proposals. The CPC strongly encourages applicants to review the [Community Preservation Act MGL c. 44B § 1 et. seq.](#), [Beverly's CPA Ordinance](#) the [Committee's Project Evaluation Criteria and the Department of Revenue's \(DOR\) Allowable Uses Chart](#) before beginning the application process.

#### *Step 1 – Informational Meeting*

The CPC will hold an informational meeting and public hearing prior to each funding round. This meeting will provide the CPC with an opportunity to canvass the public for ideas as to the needs, possibilities and resources of Beverly regarding community preservation and introduce the working draft of the CPA Plan for Beverly. In addition to consultation with Planning Department staff, the CPC provides time at the beginning of each regular meeting for applicants to ask questions and obtain guidance as to CPA criteria and application process.

#### *Step 2 – Determine Project Eligibility*

All applicants must begin the application process by submitting a one-page Pre-Application Project Eligibility Determination form. The CPC requires that historic preservation projects receive a Determination of Historical Significance from the Historic District Commission. This pre-application will introduce your proposal to the CPC so that it can determine the project's eligibility for funding and offer further guidance.

Please submit one typed paper copy with original signature of the Pre-Application (and if a historic project) a HDC Determination of Historical Significance and one electronic copy of each in PDF format to:

Community Preservation Committee  
Planning Department  
City Hall, 191 Cabot Street  
Beverly, MA 01915  
[amaxner@beverlyma.gov](mailto:amaxner@beverlyma.gov)

The CPC will announce eligible projects and invite full applications.

### *Step 3 – Submit Project Funding Application*

Please review the Project Funding Application and associated forms and be sure to include all information and materials as requested and appropriate. The application cover page must be signed and dated by the applicant/organization's designated representative and the owner if different from the applicant.

Please submit 10 double-sided paper copies and one electronic copy in PDF format of the application and supporting materials to:

Community Preservation Committee  
Planning Department  
City Hall, 191 Cabot Street  
Beverly, MA 01915  
[amaxner@beverlyma.gov](mailto:amaxner@beverlyma.gov)

Please do not use plastic covers, binders, spines and sleeves to package the application and supporting materials. Staples or simple binder clips will be sufficient.

### *Step 4 – CPC Review & Public Comment*

The CPC will post project proposal abstracts on its website and invites written public comment.

The CPC will begin reviewing the project applications. The CPC will examine project proposals based on the General and Category Specific Evaluation Criteria and the DOR's Allowable Uses Chart. The CPC will perform its due diligence and may request additional or more detailed information to be submitted in order to fully evaluate the project's merits.

### *Step 5 – CPC Recommendations & City Council Vote*

The CPC submits its project funding recommendations to the City Council. The CPC reserves the right to attach conditions and require additional agreements and/or protections as part of its recommendations. The CPC may also recommend only funding a portion or phase of the project, or partial funding of the project. The CPC recommendations may include detailed project scopes, conditions and other specifications, as deemed appropriate to ensure CPA compliance and project performance.

The City Council has the final authority to award funds from Beverly's CPA Fund. The only actions the Council may take are: approve as recommended, approve with a lower level of funding or reject the recommendation.

### *Step 6 – Award Letter*

Subject to City Council action, the CPC will inform successful recipients of approved projects in mid to later September, with information on the funding amount and funding conditions. Projects receiving CPA funding will be required to credit this source of funding in promotional materials and, whenever appropriate, at the project location.

### *Step 7 – Fund Disbursement & Project Monitoring*

Before receiving funds, the award recipient must agree to and sign a Grant Agreement/Memorandum of Understanding, which describes project implementation, conditions of approval, fund disbursement and reporting requirements.

## VIII. APPENDIX

### e. Pre-Application Determination of Eligibility Form

#### PROJECT ELIGIBILITY DETERMINATION PRE-APPLICATION

The purpose of this form is to ensure all projects applying for Community Preservation Act funding meet the basic requirements of the CPA. This form must be reviewed and approved by the Community Preservation Committee before the applicant submits a full application.

- ☐ **Acquisition**
- ☐ **Creation**
- ☐ **Preservation**
- ☐ **Rehabilitation/Restoration**
- ☐ **Support**

PLEASE ATTACH THE FOLLOWING SUPPORTING INFORMATION AND DOCUMENTATION:

Please type all responses and indicate item number

1. **Project Narrative:** Please address the following items in your narrative, which should not exceed 5 typed pages:
  - a. **Project Description:** Please provide a thorough description of the project and goals it will achieve.
  - b. **CPA Eligibility, Community Preservation Need:** Please describe how the project complies with the CPC's Project Eligibility Criteria and the DOR's Allowable Uses Chart. Please describe the community need the project satisfies. Please address specific CPC Criteria and the definitions listed on the DOR's Chart when answering this question.
  - c. **Project Partnerships & Support:** Please attach commitment letters from funding partners, including in-kind service providers. Please attach other letters of support to document clear endorsement by community members and groups, municipal boards, committees, commissions and departments, etc. \*\*If a City property or project, please attach written and signed confirmation from the ultimate responsible party that will carry out and manage the project.
  - d. **Feasibility:** List and explain all further actions or steps that will be required for completion of the project (i.e. 21E environmental assessments; zoning, planning board, conservation commission permits and approvals; easements or restrictions; subordination agreements etc...).
  - e. **Applicant/Organization Background:** Please provide a brief description of your or the organization's profile and project history. Explain your ability and capacity to undertake and successfully execute the project.
  - f. **Maintenance & Long Term Preservation:** If on-going maintenance and upkeep is required, please describe how this will be accomplished. Explain specific guarantees that will assure long-term preservation of the project.
  - g. **Maps & Visual Materials:** When appropriate, at least one photograph shall be provided with the application. Please include plans, maps and other visual aids to help describe the project (i.e. USGS topographic map, assessors map, GIS/aerial photo maps, photographs, renderings or design plans etc...).
2. **Budget:** Please fill out the attached Budget Form. Please indicate which expenses CPA will directly fund. Please attach supporting documentation that substantiates costs (i.e. estimates, quotes, letters of intent estimating value of in-kind services etc...)
3. **Project Schedule:** Please fill out the attached Project Schedule Form. Explain each step of the project, time to accomplish the various steps, milestones and project completion date.
4. If applicable and appropriate, additional information or supporting documentation should also be attached. \*\*Note: If supporting documents are 10 pages or more, an electronic copy (PDF) of said document shall be provided. Supplemental information may include, but not be limited to:
  - a. Natural resource features
  - b. Proof of site control, or plan to obtain control such as Purchase and Sale Agreement, option or deed
  - c. For historic properties or artifacts, a Determination of Historic Significance by the Beverly Historic District Commission
  - d. Historic structure report or existing conditions report
  - e. Evidence that appropriate professional standards will be followed if construction, restoration or rehabilitation is proposed
  - f. Any other information useful to the Committee in considering the project

I certify, under the pains and penalties of perjury, that the information set forth in this application is true and complete to the best of my knowledge:

## VIII. APPENDIX

### g. Project Evaluation Criteria

#### General Evaluation Criteria

The Beverly Community Preservation Committee has developed these criteria to provide guidance in evaluating projects and spending of City tax dollars authorized by the adoption of the Community Preservation Act. Please visit the Committee's webpage at [www.beverlyma.gov](http://www.beverlyma.gov) for more information and application forms.

All projects must demonstrate compliance with the law, the Beverly Ordinance, the Beverly CPC Application Process and Timeline and eligibility for Community Preservation Act (CPA) funding according to the requirements described in the CPA legislation (Chapter 44B of Massachusetts General Laws) and the attached DOR Allowable Uses Chart. All projects must demonstrate support and willingness to proceed by the person or entity holding site control.

Proposals must address at least one of the following General Criteria, which are listed in no particular order. Preference will be given to proposals that address multiple criteria.

1. Consistent with various plans which are relevant to and utilized by the City regarding Open Space, Recreation, Historic Resources and Affordable Housing;
2. Leverages additional (or highest amount) of public and/or private funds (e.g. qualify the project for additional grants from other sources) or receive partial funding from other sources and/or voluntary contributions of goods and services;
3. Without CPA funding the project will not be carried out for the benefit of the City and a significant public asset would be lost;
4. Demonstrates practicality and feasibility, and that the project can be implemented within budget and on schedule;
5. Serves to address multiple CPA priorities;
6. Preserves and enhances the essential character of the City or upgrades and enhances the city experience for as broad a group of people as possible;
7. Protects resources that would otherwise be threatened;
8. Demonstrates a clear public benefit;
9. Has received documented endorsement from other municipal boards or departments and broad-based support from community members;
10. Implementation of the project under the selected category(s) does not adversely impact other category(s).

#### Category Specific Evaluation Criteria

The Community Preservation Act funds three main community interests or categories: open space, historic preservation, and community housing. Public recreation projects may also be funded.

1. **Open Space** proposals must address at least one of the following specific criteria, which are listed in no particular order. Preference will be given to proposals that address multiple criteria.
  - a. Protects open space by:
    - Acquiring land or conservation restrictions
    - Acquiring easements for potential trail linkages to connect existing protected trails/open space
    - Providing opportunities for passive recreation
    - Making capital improvements or extraordinary repairs to make open space acquired or created with CPA funds functional for intended use
  - b. Preserves wildlife habitats, ecosystems and landscapes including those that:
    - Contain locally significant biodiversity
    - Contain rare habitat or species
    - Contain a variety of habitats with diversity in geology & vegetation

- Protects or enhances wildlife corridors, promotes connectivity and/or prevent fragmentation
  - c. Prevents degradation of and provides buffer to adjacent open space, water bodies and/or historic resources
  - d. Provides public access;
  - e. Preserves, enhances or expands coastal waterfront and public access thereto;
  - f. Preserves or enhances scenic views;
  - g. Protects drinking water supply;
  - h. Preserves and/or enhances important surface water bodies (streams, wetlands, vernal pools, riverfront areas);
  - i. Preserves and/or expands active agricultural use;
  - j. Borders a designated scenic road;
  - k. Protects natural capacity for flood storage and/or control.
2. **Historic Preservation** proposals must address at least one of the following specific criteria, which are listed in no particular order. Preference will be given to proposals that address multiple criteria.
- a) Preserves a building, structure, vessel, real property, document or artifact listed on the State Register of Historic Places or determined by the Beverly Historic District Commission (BHDC), acting as the Beverly Historical Commission, to be significant in the history, archaeology, architecture or culture of Beverly. The BHDC will determine a property to be significant if it meets the criteria for listing on the National Register of Historic Places at the local level. Documents and artifacts will be eligible for funding if they are at least 50 years old and determined significant to the history, archaeology, architecture or culture of Beverly.
  - b) Preserves, acquires, restores and/or rehabilitates historical, cultural, architectural or archaeological resources of significance, especially those that are rare or threatened;
  - c) Protects, preserves, restores, and/or rehabilitates the historical function of the historic resource;
  - d) Provides permanent preservation of the historic resource (e.g. preservation restriction);
  - e) Promotes sensitive adaptive reuse of historic sites;
  - f) Allows public access;
  - g) Enhances the City's historical profile.
- In addition to the above, all projects under the Historic Preservation category must be carried out in accordance with the *Secretary of the Interior's Standards for the Treatment of Historic Properties*. The Beverly CPC reserves the right to require project proponents to hire a qualified professional to document compliance with the Standards as a condition of its award.
3. **Community Housing** proposals must address at least one of the following specific criteria, which are listed in no particular order. Preference will be given to proposals that address multiple criteria.
- a. Ensures long-term affordability;
  - b. Promotes use of existing buildings or construction on previously-developed private or city-owned sites;
  - c. Supports the housing needs of a range of qualified residents who earn less than 100% of the area-wide median income (for current Department of Revenue income thresholds please see [www.communitypreservation.org](http://www.communitypreservation.org))
  - d. Provides housing that is harmonious in design and scale with the surrounding neighborhood;
  - e. Provides affordable ownership and rental opportunities;
  - f. Creates affordable housing units;
  - g. Preserves existing affordable housing from "expiring use";
  - h. Intermingles affordable and market rate housing at levels that exceed those set forth in Beverly's Inclusionary Zoning Ordinance.
4. **Recreation** proposals must address at least one of the following specific criteria, which are listed in no particular order. Preference will be given to proposals that address multiple criteria. Recreation proposals must be for outdoor uses only.

- a. Acquires, creates, preserves, restores and/or rehabilitates land or assets for a variety of recreational uses for a wide range of users, ages or populations;
- b. Expands universal access to recreational opportunities;
- c. Serves a significant number of residents;
- d. Promotes use of corridors to create safe and healthful pedestrian and bicycle transportation opportunities;
- e. Enhances or expands access and use of waterfront, ocean, ponds or rivers;
- f. Considers the health and safety benefits to the residents and promotes active, healthy lifestyles for residents;
- g. Meets a recreational need not met, or not adequately met, elsewhere in the City.

## **VIII. APPENDIX**

### **h. Special Out of Cycle Application**

#### **Beverly Community Preservation Committee SPECIAL APPLICATION CRITERIA & PROCESS**

##### **Purpose**

For any project eligible for CPA funding, under special circumstances as determined by the Beverly Community Preservation Committee (CPC), the CPC will consider a special application outside of the standard application timeline.

The situation warranting special consideration outside the standard timeline is that a unique and urgent opportunity is presented that, if missed, is likely to remove or make unavailable to the City and its citizens a valuable resource for the City. By way of example, the most common of these circumstances might be the imminent placing of real estate on the market, but they could include time-sensitive stabilization or restoration of an historic asset damaged by flood or fire, or other urgent situations.

##### **Criteria**

In order to be considered for a Special Application Process, the applicant must first submit a written project narrative and supporting materials that demonstrate compliance with all of the following Special Application Evaluation Criteria:

1. The project must have undergone the Determination of Eligibility pre-application process with the CPC and determined eligible, and, if applicable the Determination of Historic Significance Determination process with the Historic District Commission and determined historically significant.
2. Failure to secure CPA funding will create a high likelihood that the project will not be carried out for the benefit of the City, because the window of opportunity is of very short duration.
3. The proponents were unaware of the opportunity to undertake the project; or the proponent did not have the authority to identify such opportunity prior to the standard application deadline.
4. The proponents have either: a) a letter of intent signed by the current owner of the real property expressing interest in selling to the applicant; or b) legal control of the property (i.e. an option, signed purchase and sale agreement or legal title).
5. Appropriation of CPA funding is critical to the likelihood of success for the project.
6. The project aligns with the goals of the various plans, which are relevant to and utilized by the City regarding Open Space, Recreation, Historic Resources and Affordable Housing.

##### **Process**

The applicant shall submit three full copies of the above narrative and supporting materials to the Planning Department. The CPC Chair, Vice Chair and Planning Department Staff will review the materials, validate the request and make a determination as to whether a meeting of the CPC is warranted. If so, the project will either be placed on the agenda for the next regularly scheduled CPC meeting or arrangements will be made to hold a special meeting.

Should a meeting be scheduled, the CPC will review the project and evaluate its merits and determine its compliance with the Special Application Evaluation Criteria. The CPC will establish a full application timeline and proceed to review the project as outlined in the 2014 Application Instructions and Process guidelines. The CPC will consider a proposal under this process only if the project meets the Special Application Evaluation Criteria as listed above, as well as the General and Category Specific Project Evaluation Criteria.

## VIII. APPENDIX

### i. Determination of Historic Significance Form

(i) Application for  
Determination of Historic  
Significance

City of Beverly, Massachusetts

### (b) Historic District Commission

City Hall, 191 Cabot Street, Beverly, MA 01915

Project Proponent: (Name and Contact Information)	
Name of Project:	
Historic Name of Property:	
Address of Project:	
Year built:	
Source for year built:	

**Please submit six copies of this cover sheet and six copies of the following supporting materials:**

- ☐ If *listed on the State Register of Historic Places*, a copy of the State Register of Historic Places or the Massachusetts Cultural Resource Information System (MACRIS) database showing the property name, address and listing status<sup>1</sup>.

OR (if *not listed on the State Register of Historic Places*) all of the following:

- ☐ If available, a copy of the Massachusetts Historical Commission (MHC) Inventory Form<sup>2</sup>
- ☐ A brief statement describing how the property is significant in the history, archaeology, architecture or culture of Beverly (no more than 500 words)
- ☐ Color photographs of the project property (no more than 5)

---

***For Official Use Only:***

Date received: \_\_\_\_\_ BHDC Meeting date: \_\_\_\_\_

**DETERMINATION**

The Beverly Historic District Commission hereby certifies that:

- ☐ The property is listed on the State Register of Historic Places
- ☐ The property has been determined by the BHDC to be significant in the history, archaeology, architecture or culture of Beverly. Meeting date: \_\_\_\_\_
- ☐ The property is not historically significant. Meeting date: \_\_\_\_\_

Signed: \_\_\_\_\_

Date: \_\_\_\_\_

William Finch, Chair

---

**Evaluation Criteria**

**To be eligible for funding under the Community Preservation Act under the Historic Preservation category, projects must address the preservation needs of a building, structure, vessel, real property, document or artifact listed on the state register of historic places or determined by the Beverly Historic District Commission (BHDC) to be significant in the history, archaeology, architecture or culture of Beverly.**

The BHDC will determine a property to be significant if it meets the criteria for listing on the National Register of Historic Places at the local level. Documents and artifacts will be eligible for funding if they are at least 50 years old and determined significant to the history, archaeology, architecture or culture of Beverly.

## Resources

Copies of MHC Inventory Forms and the State Register of Historic Places are available at the Beverly Planning Department, 3rd Floor City Hall, 191 Cabot Street.

The Massachusetts Cultural Resource Information System (MACRIS) database is available online through the Massachusetts Historical Commission. MHC Inventory forms and other information can be downloaded from the database. To view the database, go to <http://www.sec.state.ma.us/mhc/mhcidx.htm> and look for MACRIS under the “Learn and Research” heading.

---

<sup>1</sup> MACRIS vs. the State Register: The Massachusetts Historical Commission’s (MHC) online database MACRIS can be used to research many historic properties, but listing in MACRIS is not the same as listing in the State Register. MACRIS lists all properties that have been inventoried on MHC forms. The State Register is a list of properties that have received local, state or national designations based on their historical or archaeological significance. For those properties, the MACRIS data sheet would list “National Register”, “Local Historic District”, or “Preservation Restriction” in the *Designations* field.

<sup>2</sup> Copies of MHC Inventory Forms and the State Register of Historic Places are available at the Beverly Planning Department, 3rd Floor City Hall, 191 Cabot Street
